Transport

Airport

Fiumicino – Leonardo da Vinci is the most convenient international airport. A local train service connects the airport to the town and runs every 20 minutes. The journey to the town centre is approximately 30km and will last 40 minutes. The cost of this service is 12 Euros.

Train

Roma Termini is the most convenient train station.

Taxi

Fixed rates from and to the airports

40 euro from Fiumicino to within the Aurelian Walls and vice versa

30 euro from Ciampino to within the Aurelian Walls and vice versa

CITY OF ROME – TAXI SERVICE FROM FIUMICINO AIRPORT TO ROME AND VICE VERSA.

At the Fiumicino Airport, near exits A, B and C, there is a taxi service for Rome. The cost of the taxi service is 40 euro, inclusive of luggage, for a maximum of four passengers, for all destinations within the Aurelian Walls delimiting the central area of the city. For further information check with the P.I.T. – Tourist Information Point of the City of Rome inside the airport, which will explain the service and let you know whether your particular destination is subject to the fixed rate. The cost of the service

is the same for the opposite direction also, going from Rome to Fiumicino. For destinations outside of the central area of the city, the cost will be indicated by the taximeter, to which the luggage fee must be added.

Vehicles providing the City of Rome taxi service are white and have a "TAXI" sign on their roof, as well as an identifying number on their doors, on the rear, and inside the vehicle. In the area around the exit it is also possible to find a rental service, indicated with the initials NCC ("noleggio con conducente" – rental with driver), which is generally provided with blue or grey cars that apply different rates depending on the destination. This service may be requested, at the time of departure or arrival, at the authorized structures inside the airport. The NCC is therefore not an alternative taxi service, which is the only service accessible directly at the parking area.

Warning: Any other vehicles present near exits A, B and C could be driven by persons who do not possess the official Taxi or Rental authorization, and the fare demanded could be higher; in any case these rates are beyond the City of Rome's control.

Beware of any individuals who, inside the airport, offer transportation services into the city.
